COVID 19

With bubbles closing in five local schools I am a little more anxious about the recent surge in COVID cases. You will be aware that the number of confirmed cases has risen this week in every area of Lancashire. Holland Moor staff have reverted to wearing masks both inside and outside the building and I would ask parents and carers to take equally cautious measures.

Sports Days

In some ways it is disappointing that we can't hold our usual year-wide sports days. However, I am delighted that class sports days can go ahead. Here is the new schedule with separate events for each class/bubble. I'll contact potential spectators again next week about the procedures to be followed to ensure we all enjoy the events and stay perfectly safe.

Attendance

Our overall attendance for this past week was 93.9%. I'm not sure where everyone was last Monday as our attendance was only 89.7%.

A message from our Sponsor.

It's so hard to believe that there are only four weeks of term left and so much to include in the remaining time. We are busy organising some special, but secret events, for our year six leavers. We will certainly make it a memorable time for them. There's also a large number of sporting events taking place, school reports to write and send out and class parties on July 15th Busy, busy times at Holland Moor.

Our PSHE Curriculum including Relationships and Sex Education lessons

Please remember our full curriculum for growing and changing is available to view on the school website. Our PSHE information Zoom meeting (for Year 5 and 6 parents and carers) will be on Thursday July 01 at 6pm. I'll be writing to Year 5 and Year 6 parents separately to give you much more information about our PSHE / RSE lessons and what to expect from the Zoom meeting. The Zoom link will be sent out nearer the event date.

Zones of Regulation – How We Teach Self-Regulation

Evie created a wonderful piece of work to demonstrate how she would feel if she had to say goodbye to someone and then when she saw them again. She used facial expressions on her drawings brilliantly and thought of some great vocabulary to describe her emotions. She then chose her colours carefully to reflect the colours linked to the Zones of Regulation!

Our Classes from September 2021 and School Reports

I think I've finished the class lists for September 2021. I have certainly attempted to accommodate the various requests made to me by children, parents and staff. Feel free to remind me of any such request so I can make sure no appeal has been ignored. You can email me, speak to me, make a telephone call or leave me a message in the school office.

Class of the Week – This Week it's Class 6T

Class 6T showed fantastic teamwork skills when completing a long-distance, team run in their athletics lesson. The children worked together to ensure they stayed in formation throughout their run, using very effective communication skills. They encouraged each other, showed consideration to their team members and were highly motivated throughout.

School Photographs

I've moved some classes because of sports days. A couple of classes have PE later in the day so should arrive in school on photograph day wearing their photograph clothes. They can bring their PE kit and change later.

Mr Beale's Highlight of the Week

My highlight of the week was being persuaded by a year six pupil that I could allow his class to organise their own game of dodgeball. Even though my initial answer was negative his arguments were so persuasive I allowed the game to go ahead. The class collected the necessary equipment, organised the teams and played wonderfully well for 25 minutes. No referee needed!
